

My name is Jacqueline Morris and I would like to be a member of the IGFSAs Executive Committee. I am a member of the Trinidad and Tobago Multistakeholder Advisory Group (TTMAG) which has convened the Trinidad and Tobago IGF (TTIGF) since January 2017 (currently planning our Third IGF for January 25, 2019). The IGFSAs has supported our initiative from the beginning and I would like to give back and support other NRIs and the IGF.

I have only been an official member of the IGFSAs for one year, but I believe that I have the time, energy, and skills to assist the IGFSAs in its fundraising goals, particularly by increasing individual contributions and individual membership. I believe in the strength of grassroots membership, and would work hard to support any initiatives.

I have served as a member of the Working Group on Internet Governance (WGIG) I have also sat as Chair of the ICANN At Large Advisory Committee (ALAC), and Associate Chair of the Nominating Committee (NomCom) and currently participate in ICANN via national and regional activities. I have been involved in the Caribbean Internet Governance Forum (CIGF) since its inception in 2005, and also with the TTIGF, the first national IGF in the English speaking Caribbean.

The main focus in my work in Internet Governance over the past 13 years has been outreach and increasing multistakeholder participation in Internet Governance processes and organisations.

I have a broad work profile, having academic qualifications in Chemical Engineering, Environmental Management and Education. I have worked in all these fields, as well as media, tourism, and entertainment. I am currently a consultant, working on projects to support Internet Governance in the Caribbean.

I would like you to please consider voting for me to contribute to the work of the IGFSAs as a member of the IGFSAs Executive.

Thank You
